

## **CPL Physicians' inaugural "CMO Working Group Dinner" at the Harvard Faculty Club**

CPL Physicians will be hosting the inaugural CMO Working Group quarterly meeting on Tuesday, December 12<sup>th</sup>, 2017 at the Harvard Faculty Club in Cambridge, MA.

This prestigious invitation only event draws together Chief Medical Officers from across life sciences to discuss relevant issues of the day and to influence the direction of travel of the life sciences industry. CPL Physicians will publish summary conclusions from the discussion at this event in the coming months. The CMO Working Group will be the first of a long-term series of events design to provide a greater voice to senior Physicians in the pharmaceutical industry.

These events will be held in conjunction with CPL Physicians' UK sister business Only Medics and will take the form of a quarterly dinner or breakfast discussion in the Boston area in the US and London in the UK.

We hope the Working Group will become an influential body to change the direction of travel of our industry, but it will also provide an informal setting where CMOs can network and build useful contacts to enhance their profile and gain important industry insights. The events will largely take the discussion format but will occasionally feature guest speakers from bio-pharma, life science investors and regulators.

### **About CPL Physicians**

CPL Physicians was established in the US to meet a market need for specialist medical recruitment in the pharmaceutical, biotechnology and healthcare sectors. We are subject matter experts in the recruitment of Pharmaceutical Physicians and typically we work within Medical Affairs, Pharmacovigilance, R&D and Regulatory Affairs.

CPL Physicians is a specialist business focussed on providing pharmaceutical physicians in North America but with our sister company in the UK and EU, Only Medics, we have a truly global reach. We are actively recruiting for physicians in Europe, US, Canada, South America, Asia Pacific and other emerging markets and can assist candidates and clients in any of these locations.

### **Quotes**

Stuart Gilboy Managing Director of CPL Physicians comments *"It's important that senior Physicians have an informal forum that allows open discussion around the many challenges facing an ever-changing industry. CPL physicians can bring together the thoughts of Pharma Physicians across 2 continents and our CMO Working Group in Boston will be informed by similar forum in the UK"*

Yvette Cleland CEO of The Clinical Professionals Group comments *"CPL Physicians is a core brand within our portfolio of specialist functions in life sciences. I am delighted to be travelling to Boston for our inaugural US Chief Medical Officer (CMO) meeting and sharing the views and challenges we have identified in Europe through our forum and summits in the UK and Europe."*
